

DESCRIPTION

Powder coated aluminium frame designed for the suspension of larger sized Energostrip radiant heaters from wire or chain.

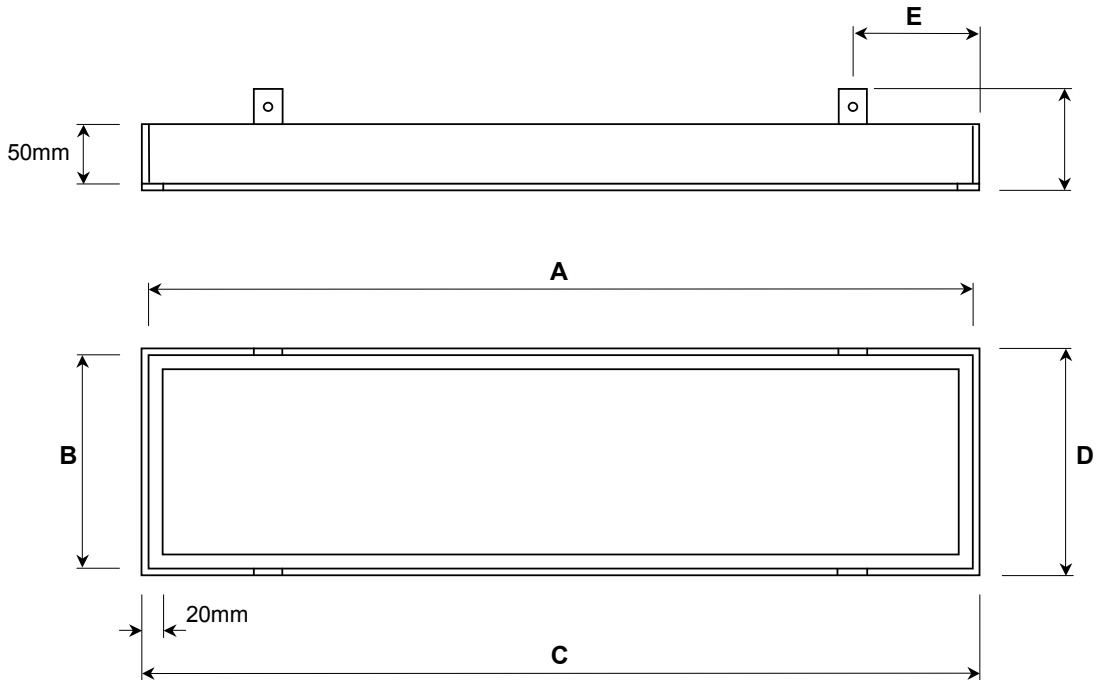

APPLICATION

The Energostrip Suspension Frame is recommended as additional support when suspending the larger size Energostrip heaters (EE24, EE30, E42) from wire or chain.

CONSTRUCTION

- Welded aluminium frame with four suspension point lugs.
- Powder coated paint finish.
- Standard Colour - Pacific White (optional colours available).

Type	Energostrip	Power (W)	Heater Dimensions (mm)		Frame Dimensions (mm)				
					A	B	C	D	E
SF24	EE24	2400	1360	436	1364	440	1371	447	340
SF30	EE30	3000	1680	436	1684	440	1691	447	420
SF42	EE42	4200	1680	436	1684	440	1691	447	420

Not to Scale

INSTALLATION

- Suspend at the desired height using suitable welded link chain or galvanised wire (not supplied) attached to the four lugs on the suspension frame.
